MEMORANDUM FOR:

Space Allocations and Facilities Branch

STATINTL

SUBJECT:

Planters and Podium for the Auditorium
Platform

1. The Fine Arts Commission recommends that planters be constructed for the platform in the auditorium as we discussed with [redacted] the interior decorator. The planter boxes are to be 5 feet long, curved to conform to the perimeter shape of the stage, 8 inches high, and 10 inches wide. They are to be covered with some appropriate material, paint or otherwise, with a semi-matte finish. When the planter boxes have been completed, I will request [redacted] to discuss with [redacted] the artificial plants to be placed in the boxes.

2. The FAC also recommends that a new podium be obtained to replace the present podium in the auditorium. This to be the same design as the one we were examining from the Office of Training which was obtained from Duquaine Lectern Mfg. Co., Kewaunee, Wisconsin. You will recall that we wished to have the vertical molding altered, however, in order to receive the Agency seal. The podium is to be a walnut finish.

3. [redacted] of Mr. Kirkpatrick's office has approved these recommendations and has stated that the funds to meet these needs shall come from the budget of the Office of Logistics. ✓

4. [redacted] is coming to the Agency at 9 a.m. on Tuesday, 5 November, to discuss some matters with me. If there is any question that needs clarification on the subject of this memorandum, I would appreciate your coming to my office, 5B2830, about 9:15.
